@ abathe artist
 Hi! My name is Ava. I'm a librarian and an artist.
 I love comics!

I am passionate about creating.

I specifically love —

...

(A series of four panels showing a character's face and a small figure of Ava, with the final panel showing a close-up of the character's face.)

Then, out of nowhere, a magical frog riding a griffin-corn Zapped from a portal.

And, as soon as they had appeared,
they turned into a hellb kitty on
a mushroom and sped away!
